TO CITIZENS OF MONETT

I understand that petitions are being circulated by parties who desire to be Chief of Police, City of Monett, and representations are being made that I will not be an applicant for this position on account of being a candidate for sheriff. I have never yet officially announced myself as a candidate for sheriff and I do not want my friends misled by these representations, because I will ask for re-appointment for this position, but I shall not circulate any petition for this place, but if any of my friends feel inclined to circulate a petition in my behalf or to endorse or recommend me, they are at liberty to do so. I do not ask it of them, because my record is before the people and speaks for itself.

If it meets with their approval and the city council and mayor see fit to appoint me for this responsible position, I will accept it, and greatly appreciate the honor bestowed upon me, but I feel like my services in the past are known to the newly elected council and commissioners sufficiently for them to make up their minds as to my fitness for this place.

I have never cost the city or taxpayers one cent for a false or malicious arrest or the city has never been sued or put to any expense on account of my conduct as an officer. During my services of about twenty years in behalf of the city and county, no prisoner has ever made any claim that he did not receive proper treatment from me or that he did not get back all that was coming to me when released. Neither has it been necessary for the city council to make any investigation at any time or question my official conduct and I have never been checked up with any shortage in my accounts with the city. I feel that my record as an officer is absolutely clear.

Respectfully submitted,
JOE A. JACKSON,
Chief of Police.

Why Constipation Injures

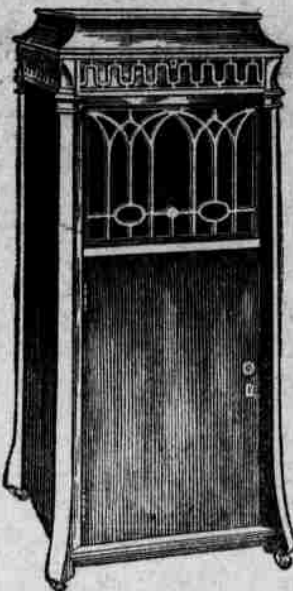

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere. Adv.
